LED LIFETIME HOURS  
**>60,000 Hours**

  
PROTECTION  
**IP67**

## PRODUCT SPECS:

- Color: White
- Kelvins: 6,500
- Luminous Efficacy: 280 lumens per module
- Lumens per Watt: 117
- Wattage per Module: 2.40 watts
- Current: 200mA
- Storage Temperature: -30 degrees Celsius TO +60 degrees Celsius
- Operating Temperature: -30 degrees Celsius TO +60 degrees Celsius
- LED Lifetime Hours : >60,000 hours
- Warranty: 5-year parts and labor
- IP67
- 3M VHB Adhesive Tape
- Modules per foot: 1.8
- Length of strand = 14 feet
- Modules per strand = 25
- Module Spacing: 7.9"
- Module Length: 3.31"
- Module Width: 0.80"
- Modules per 60 watt power supply: 25
- Powered by Samsung
- Features an advanced optic lens technology 18 degree x 40 degree angle for expanded coverage across lightboxes, demanding fewer modules per lightbox.
